

Czar Floors

Custom Hardwood Floors, Medallions, Borders and Parquet

This catalog represents only a fraction of the vast collection developed by Czar Floors. Please visit www.czarfloors.com to view all of our award-winning designs.

Medallions

Page 1

Medallions by Czar Floors are the crème de la crème of hardwood flooring. For easy selection, medallions are grouped into several collections:

- Nautical - page 2
- Botanical - page 4
- Artistic - page 5
- Contemporary - page 10
- Zodiac, Wildlife and Greek Art - page 12
- Royal - page 13

Borders

Page 15

Wood floor borders can be used to define a specific area or to convert an otherwise commodity floor into an up-scale, top-of-the-line specialty. Many border designs are complemented by matching medallions and parquet by Czar Floors.

Parquet

Page 21

The revival of art parquet is now taking center stage in home decor. Czar Floors' parquet is made to give a lasting beauty to the hardwood floor. Our uncompromising solid wood floors will last for hundreds of years. Various exotic woods are used to create breathtaking patterns that fit any lifestyle.

Custom Design

& Technical Information

Wood is a material that excites the senses! Czar Floors has great expertise in custom design. Examine different wood species used in Czar Floors' inlays. Read maintenance recommendations and notes.

Ultimate Floors Beyond Your Imagination

Czar Floors won three “NFWA Floor of the Year” Awards in 2007.

No other company have done this before in a single year in the history of National Wood Flooring Association (NFWA). The magnificent 45-foot-in-diameter medallion above presents no doubts in Czar Floors’ capabilities.

Beautiful restoration work and a library floor took the rest of the awards.

About Us

Czar Floors, PA-based manufacturer and distributor of fine wood flooring, provides a collection of intriguing floor inlays for the designer and the architectural community. Our designs are innovative and functional to keep pace with changing lifestyles. Our collection consists of decorative medallions, borders, artistic parquet and custom design wood floor inlays.

Czar Floors comprise the most talented group of hardwood floor technicians who can extend your design beyond your imagination.

Our products are hand-assembled by individuals who have mastered the craftsmanship of woodworking. We take pride in our work, and that pride is reflected in every product that leaves our facility.

Artistic Custom Parquet

This “flower” design is an example of an Artistic Custom Parquet provided by Czar Floors. The inlay is designed specifically for the given room with the ability to follow the shape of furniture placement. It can be scaled and adjusted to fit any requirements with a variety of available options for the background, wood species and design.

Installation of this sophisticated design is a breeze. Flooring is supplied as a set of precut, marked modules assembled on site in the puzzle fashion according to the provided instructions.

MX9 parquet

M19 parquet in white oak and B11 border

MX1 parquet

Fingerblock parquet in white oak and B6 border

MX10 parquet with custom merbau pickets

M21 parquet in white oak and B6 border

M2 parquet in white oak/maple combination and BA107 border and P36 medallion

M13 parquet and B8 border

Additional Parquet products

M23. Fontainebleau pattern executed with white oak and ash wood species. Available in various dimensions and wood selection

M24. Shown with white oak and merbau

M25

M26

M19 “Cubes” create 3D sensation that can be further enhanced by using different woods on each side of the cube--.

M22

M27

M28

M27 customized parquet

The latest Czar Floors parquet additions are uniquely built models M27 and M28. Pre-assembled, solid modules are finished with hot wax/oil to create “Old Europe” look. Wood species are “aged,” brushed, stained, smoked and distressed to achieve the desired effect.

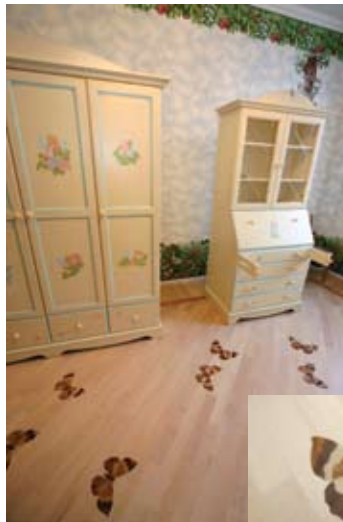

Herringbone Parquet

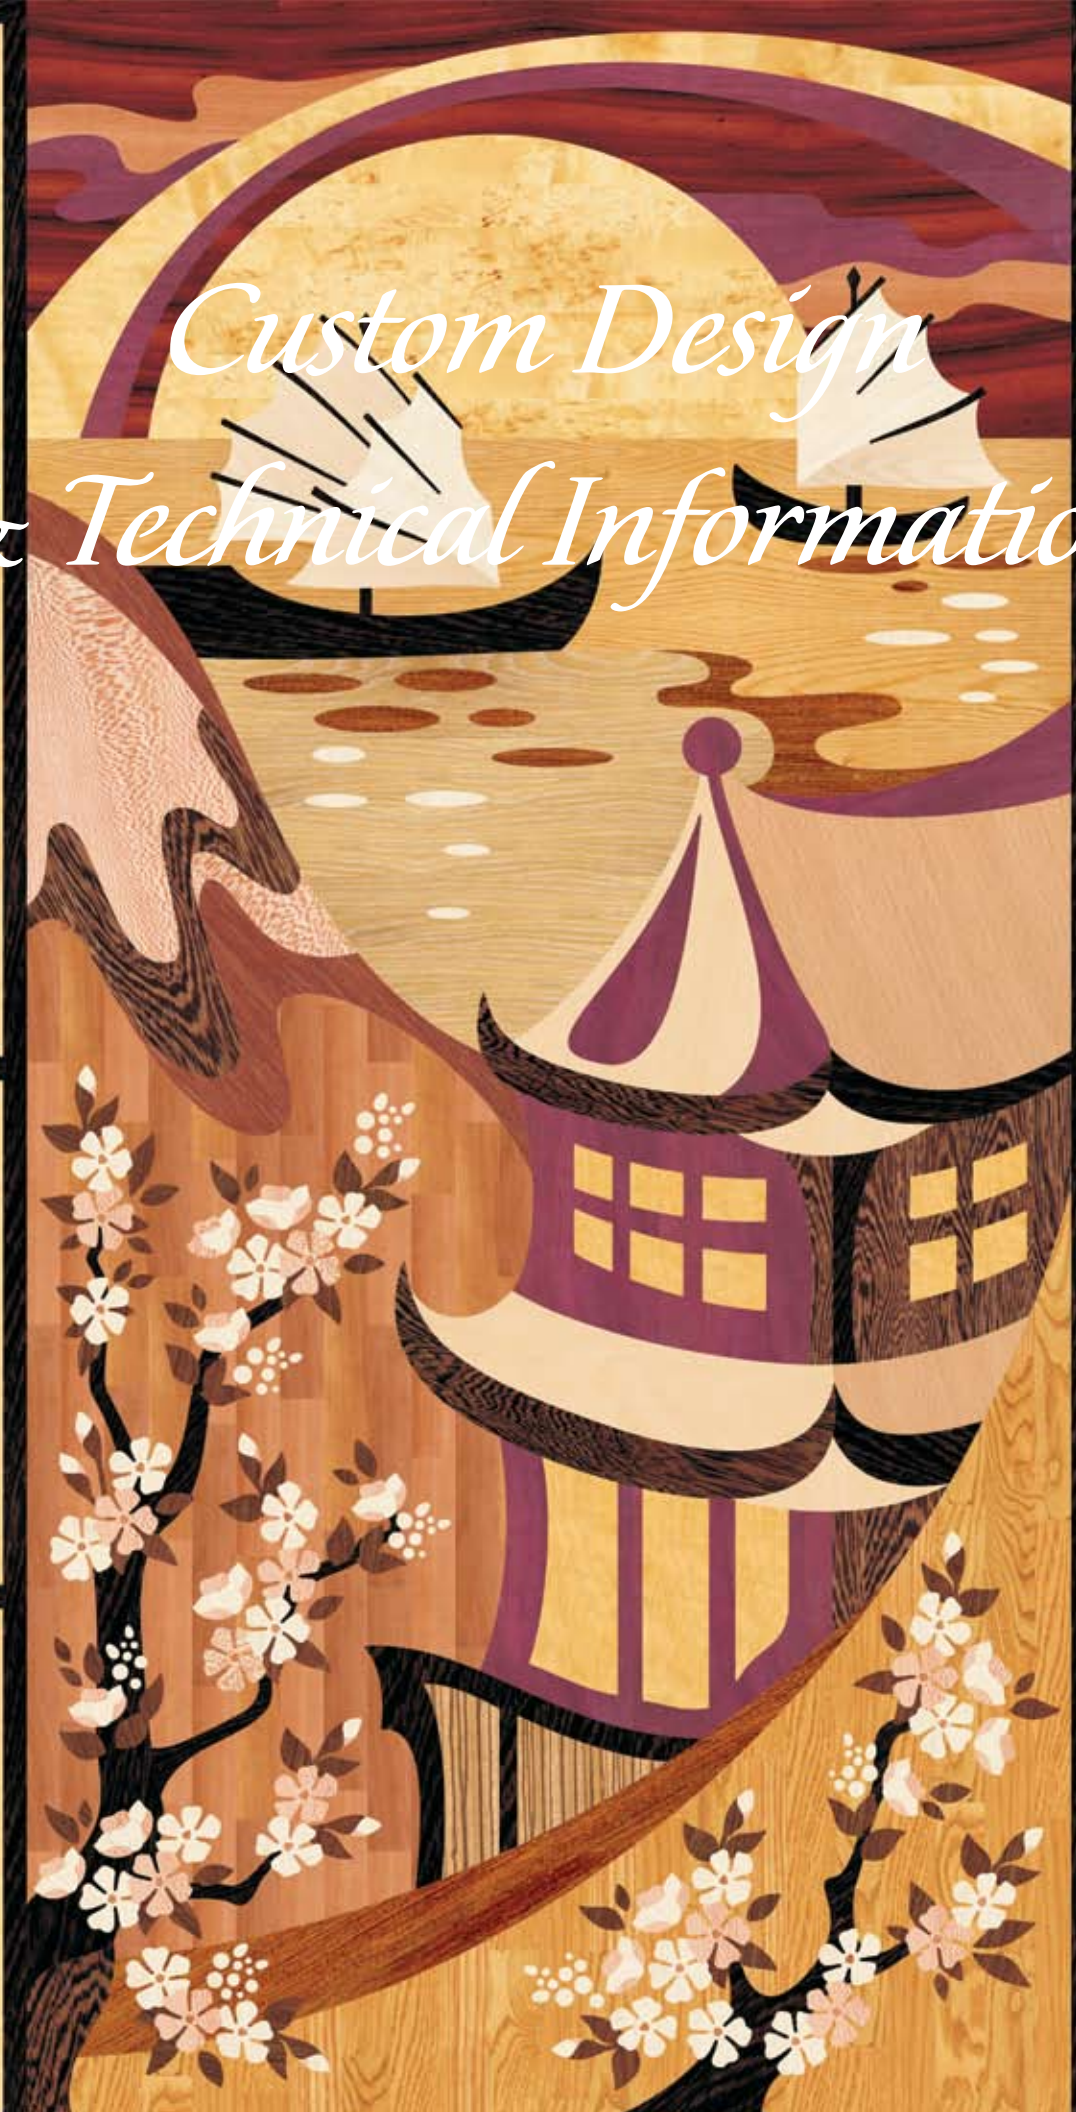

Czar Floors makes traditional “fingerblock” parquet and Herringbone kits in different sizes and wood species.

Floor Accents

Floor Accents are available to complement parquet and regular plank wood floors. Their versatility makes it easy to create custom flooring. Imagine kids’ bedrooms with beautiful inlaid butterflies across the floor.

*Custom Design
& Technical Information*

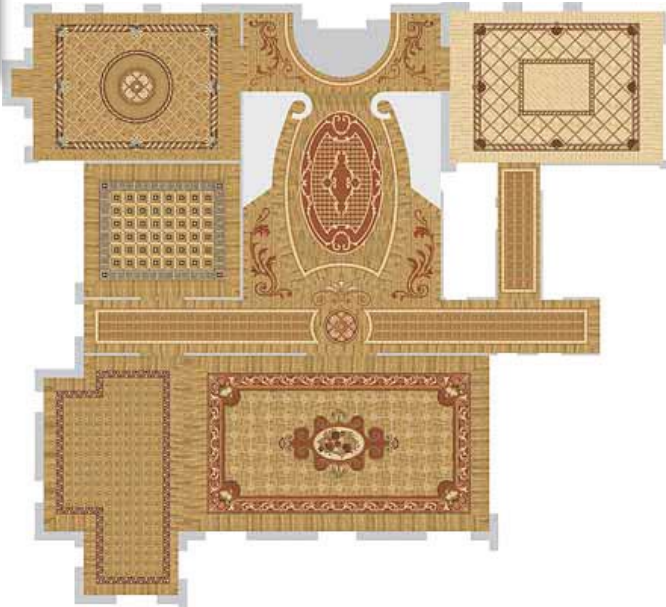

Custom Design

Czar Floors is capable of creating most designs in wood — from replacing woods in a standard product to recreating a sketch. Company logos, family crests or truly unique inlays are some examples.

Czar Floors has a design team that works with architects and designers. Our professionals work with AutoCAD and Adobe Photoshop to render artwork for custom designs.

Each custom project is done by providing our customer with the drawings of the future floor design and wood placement. Our experienced designers may suggest the best patterns, wood combinations and sizes by reviewing the provided floor plan.

Let your imagination be your guide.

Maintenance

Hardwood flooring and inlays are natural products and will expand and contract during heating and non-heating seasons, causing changes in the joinery and the gaps.

It is vital that reasonable humidity of 40% to 60% be maintained. Use of humidifiers during the heating season is highly recommended.

Wood Species

Natural wood characteristics such as grain color variations, streaks, small knots and the like are normal. Therefore, no two medallions, borders or parquet tiles will ever be exactly the same. Color variations are natural occurrences due to wood species, age and exposure to ultraviolet light.

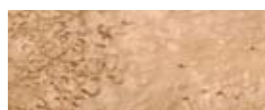

(light to dark)

- * Standard medallion sizes are 40", 48", 60" and up. Additionally, some models are available in smaller sizes: 18", 24" or 30". Custom sizes are available. Oval medallions are measured by major length.
- * Standard thickness is 3/4" but are available in thicknesses 3/8" to 1".
- * Wood species can be substituted for an additional charge.
- * Standard medallions are unfinished but can be prefinished in different gloss levels for an additional charge.
- * All medallions have a square edge, straight cut surface on all sides. Prefinished items can be micro-beveled.

- * For standard parquet (M series), MX4 and MX10, borders thickness is 3/4". For Artistic MX series parquet, standard thickness is 5/8" solid wood. Thickness can be customized from 3/8" to 1".
- * Border section length varies from model to model to maintain the pattern and averages 3 ln.ft.
- * Border width and parquet tile size can be customized for an additional charge.
- * Most borders have corresponding 90-degree corner blocks. Other angles can be produced as well.
- * Wood substitutions are available for every product.
- * Standard products are unfinished unless noted but can be prefinished for an additional charge. Parquet can be finished with hot wax oil or polyurethane, UV-cured finish.
- * All products have a square edge, straight cut surface on all sides. Prefinished items can be micro-beveled.
- * Product specifications may change without notice.
